# Foreword

Memories, from the thrills and excitement of a pep assembly in full swing to the quiet stillness of the prayers uttered at graduation, are captured here in this book, which we sincerely hope will be a prized treasure among your life's possessions.

In life we each enjoy viewing back over the pictures and stories of our lifetime, which bring up precious memories of a glorious past. We must not spend too much of this world's God-given time in wishing for the past again; we must look toward the future. Our hearts and minds must face what is to come with much courage. We must face these days ahead with heads lifted proud to great expectations.

We hope that each reader of this yearbook may find a way to fulfill his fondest dreams. It is with our aim, the FUTURE, we present to you the 1962-1963 Retrospect.

## Dedication

In Memory  
of  
Steve Dugan

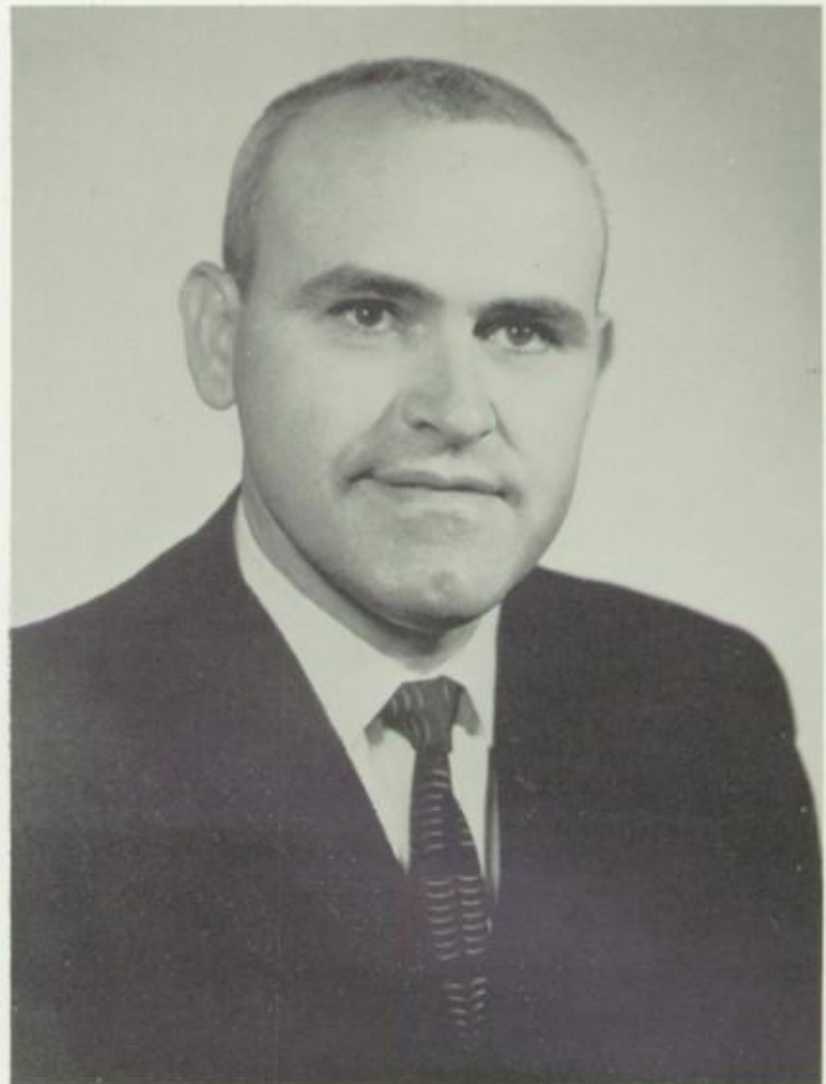

STEVE DUGAN . . . all around student

To love one's friends, to bathe in the sunshine of life, to preserve a right mental attitude - the receptive attitude - the attitude of gratitude - and to do one's work - these make the sum of an ideal life.

Steve achieved success by living well, laughing often, and loving much.

# Administration

No life is lived without time of hardship, pain, or discouragement. All persons are not troubled equally. No matter how great our troubles or discouragement, there are always others more deeply effected.

There are people in parts of the world who see their children starve to death. Indeed, in some parts of the world death is looked upon with joy because life is such a hardship. People with material comforts are often the victims of mental distress. Those with the fewest hardships are not the most favored. Meeting difficulties with courage and overcoming handicaps, builds character. It is not the difficulties, but the power gained by rising above them that builds greatness and leadership.

The lives of many great persons have been filled with hardships and failures, but they met adversity with the belief that their difficulties were only of the moment. To them, hardship and discouragements were foes to overcome. They fought, and with each victory they gained power for further accomplishments.

There is the need today for more of this hardy type of individual who is willing and able to rise above defeat and hardship. The type of individual who conquered our frontier and traveled the wilderness westward in the covered wagon is still needed today. We believe that the school age is the proper setting for this frame of mind and we would like to challenge our students to study these qualities and seek to acquire as many of them as possible.

## Board of Education Meets!

President of the Board, Laverne Hartman, is a car salesman as well as a farmer of Webster County.

Driving a milk truck and farming does not keep Rea Atteberry from doing his part on the school board.

R. W. Fyan finds time for the board meetings even though he is a busy abstractor and a farmer.

Ernie Vestal, Vice-President, chose as his occupation to be an implement dealer.

A realty dealer and an auctioneer, Willis Case, does a fine job on the school board also.

Karl Wickstrom serves faithfully on the board after also serving the people as a public relations director, his vocation in life.

THE JUNIORS presented the play 'Tish' on November 15 and 16, 1962. In this scene, Linda Melton, as Tish, with the help of sheriff Jim Francis capture the robbers, Denby Grimes (Bill McDonald) and Derice Gaylord (Carol Alexander) to solve the mystery. The astonished onlookers are Ellen Leighton and Luther Hopkins played by Jane Fyan and R. D. Vestal.

Presenting the senior play for 1963-1964 is one of the many activities which the juniors look forward to as seniors next year.

During the year, each student is required to take the United States Constitution test and pass it before they can graduate. This is just one course which helps prepare students for further education in college.

A GROUP of junior girls have fun in their Home Economics class 'raiding' the refrigerator. During the year the girls have various projects which enlighten their future as homemakers. Perhaps the best-known is the spring style show in which all the girls model what they have made.

Home Economics is just one of the courses offered at Marshfield High School that can be fun as well as educational.

## . . . and Learns

The foundation for any future mathematician is laid during his fifth grade school year. The students are now learning the highest of the multiplication tables, along with division, English, music, etc. Their year is an exciting one because they have only one more year and then they will be in Junior High School.

This year the pep club has adopted their uniform consisting of white blouses and club patches. The Pep Club does much to keep school morale and spirit on a high plane.

HEAD TWIRLER: Janice Robinson  
TWIRLERS: Nancy Gander, Ann Wickstrom,  
Sandy Baldwin, Sue McCaskill

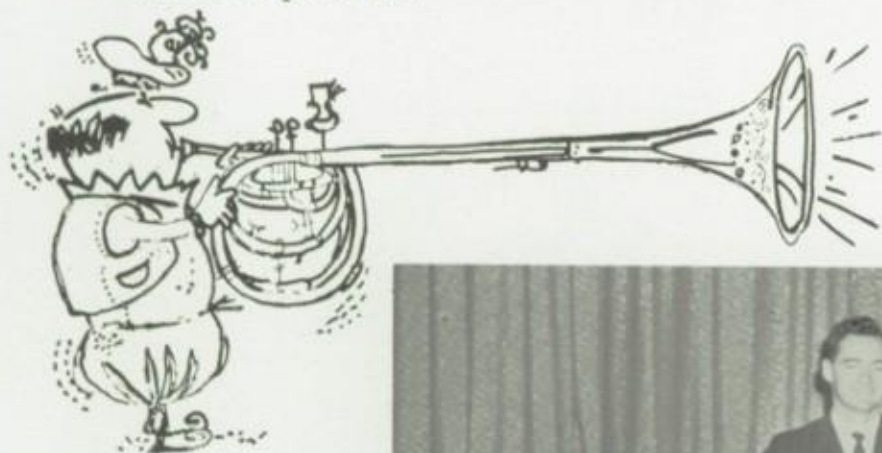

The stage band is an organization of thirteen senior band members under the leadership of Mr. Lewis. This group plays between games and at half-times of M. H. S. home basketball games. Also, they have played at the senior high Christmas party, the junior high Christmas party, and at meetings of some local clubs.

The senior band of M.H.S., under the direction of Franklin Dee Lewis, is in the midst of a busy year as the yearbook goes to press. The foremost activity of the band has been its performances at every home football game. Hours of drill perfected the group into an organization which Marshfield football fans took pride in.

Other activities for this year include the formal concert in February and the music festivals in the spring, which small ensembles and individuals who will play solos have already begun working on.

Along with Mr. Barr, Mr. Hughes, Mrs. Hurst, and Mrs. McGrath, these students try to help keep the school running smoothly.

TWO GROUPS that contribute much to the efficient operation of the school are the custodians and the cooks.

The custodians are always on the job keeping the three schools in the Marshfield R-1 district clean.

Our cooks serve a nutritious meal to a large percentage of students every day. Certainly, the importance of this group to the efficient operation of our school is evident.

# SPORTS

# Basketball — Fast and Exciting

It was a difficult year for the team and coach Lea was faced with the task of building a new team after the graduation of almost the entire squad. The cagers won only a few games during their regular season in their continually rough schedule.

Although the year's record was not outstanding, the players did a tremendous job out on the court in representing our school, our spirit, and our capabilities.

FIRST SIX members of the basketball team are Tommy Nunn, Kenny Vestal, Jim Atteberry, coach Lea, Gary Pettigrew, R. D. Vestal, and Dale Vaughn.

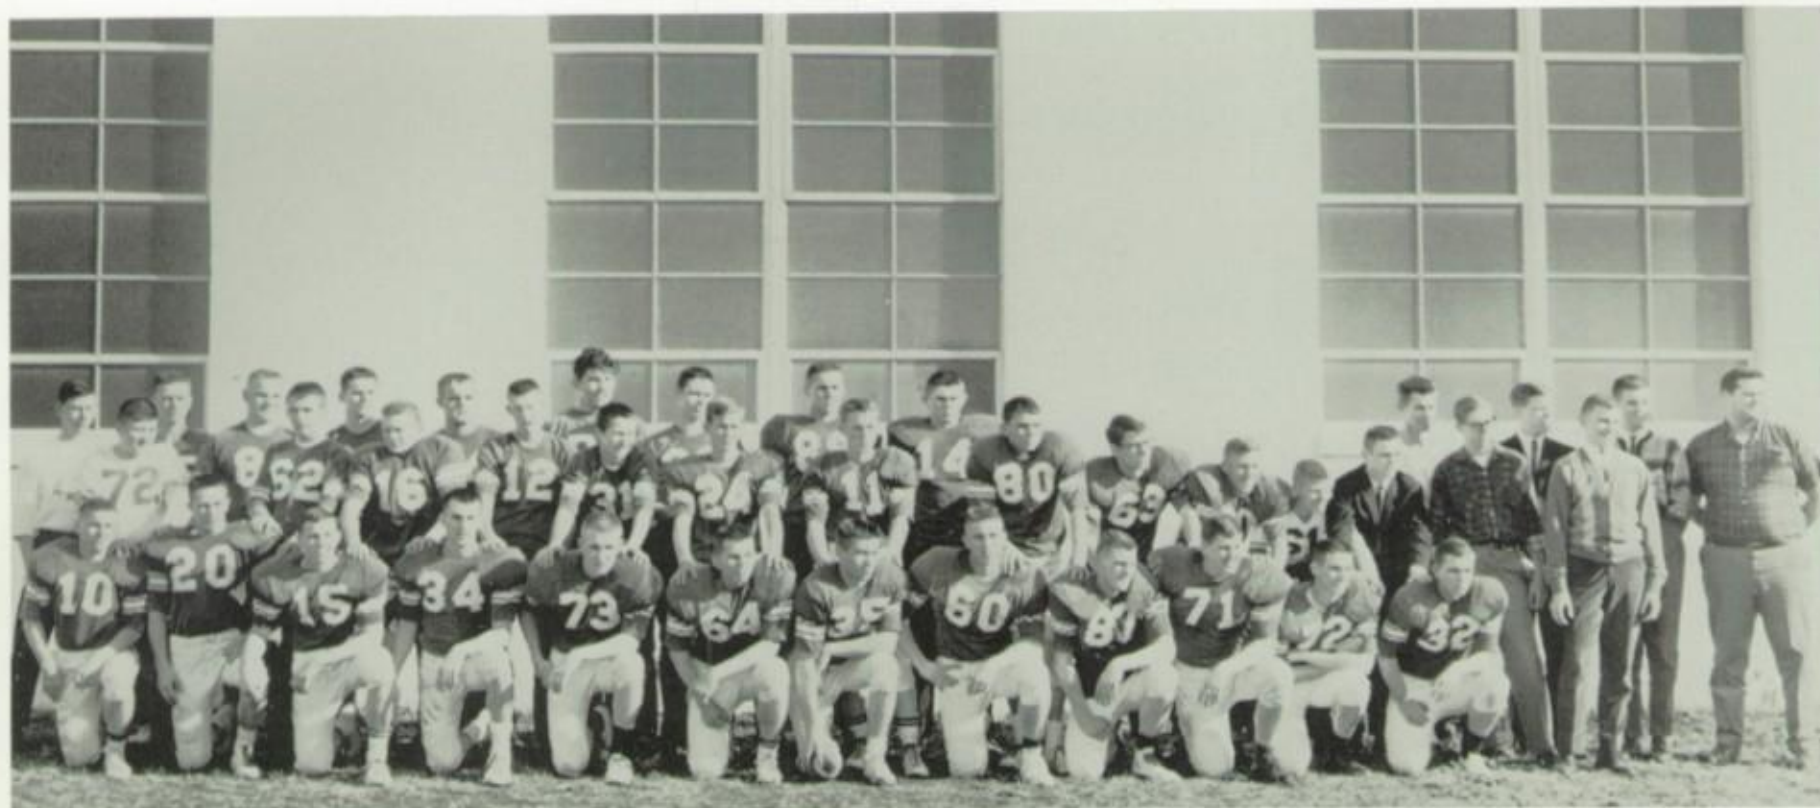

## Freshmen

The freshman have been hampered by the clock more than once in having lost two games in the final seconds to form a 4-5 record with five more games to go.

# Gridders Post 4-4 Record

TEAM WORK, up-sets, and a rough schedule denoted a year labeled "building year" for coach Ballard's gridders. The season began with frustration and mistakes, but desire helped the Blue Jay's register a 4-4 record.

Because of the fact that there were only five seniors on the squad many underclassmen gained valuable experience which should give them an added advantage next year.

## Varsity Schedule

HIT THAT DUMMY - one of the many drills in the daily workout of the squad which includes Jim Strouse, Tom Byrd and Gary Wilson.

Bob Strouse rounds end for big gain as the Jays top Buffalo.

ALL CONFERENCE SELECTIONS  
Senior Tackle Jack McCaskill, Senior Fullback Bob Strouse, and R. D. Vestal Junior End.

# Volleyball

The girls also take an active interest in sports as proven by the Volleyball Squad. As we go to press the girls are enjoying a winning season by holding a 3-1 record, losing only to Seymour in the final minutes of play.

# Track and Field

Under the coaching of Bill Lea the track team should show proficiency in many of the running events. However, the fact that there is only one returning letterman, Kenny Vestal, the squad will have their work cut out for them in defending three Skyline conference records set last year.

JUNIOR VARSITY BASKETBALL: Gatha Chote, Carol Gregory, Rhonda Lilly, Barbra McDonald, Stella McDonald, Ann Wickstrom.

Marshfield cheerleaders have long made a good showing, even when the team's score and spirits were low, the squad bounced up to put new spark to the game.

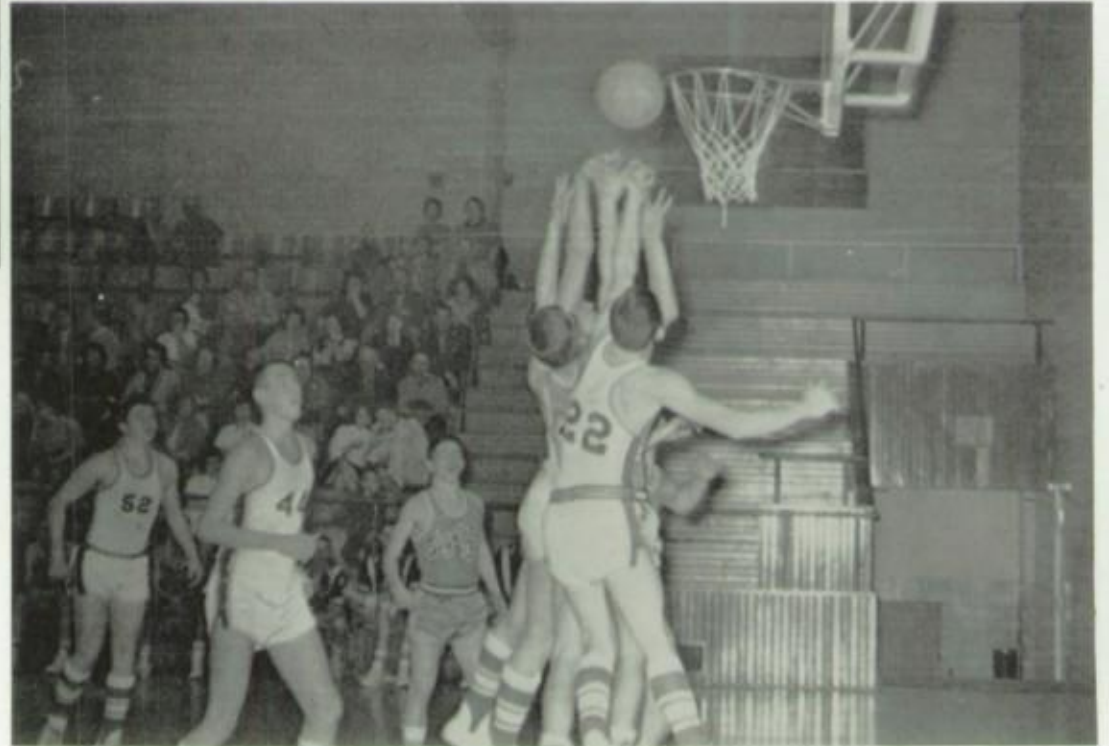

With one-half of the squad graduating, they will be replaced by girls who can capably maintain the precedent placed before them.

## Valentine Sweetheart

LINDA MOWERY

The 1963 Valentine Sweetheart, Linda Mowery, was crowned at the Junior-sponsored Valentine Party. The party was held in the school gym on February 14.

Votes were purchased through admission and refreshments and placed in one of the four boxes decorated by the classes for their candidates.

The senior candidate, Linda Mowery received the largest number of votes and was proclaimed Valentine Sweetheart.

## Barnwarming Queen

GLEND A KEELER

The junior candidate for Barnwarming Queen, Glenda Keeler, was crowned on November 15, at the annual party sponsored by the Marshfield Chapter of the Future Farmers of America.

The FFA boys stuff money in class ballot boxes to vote for the candidate of their choice. The box yielding the largest amount of money wins.

5% of the class are elected to membership in the National Honor Society during the junior and another 10% are elected the senior year.

To be eligible a student must have attended Marshfield High School one year before they are selected. Selection is based on scholarship, leadership, character, and service. Once elected, one is a member of the National Honor Society for life.
